2019-2020 BUDGET

Sales Tax is collected by the State Comptroller and remitted to the City by wire transfer. Prior sales tax collections and City population are analyzed to determine the budget amount. A significant downturn in the economy resulted in lower sales tax beginning in 2008. A slow recovery began in 2011, peaking in 2014, at which time the economy began another downturn. Over the past few years, sales tax has remained consistently lower than when it peaked in 2014.

SANITATION CHARGES

Sanitation charges are billed to all customers who receive service for refuse collection. The amount budgeted is based on the present number of customers. Over the past 5 years customer count has seen a decrease due to the economy having a downturn in our area. Due to increased costs of the City landfill, the City has increased the rates for refuse collection slightly for the past several years. Although there has been a decrease in No. of customers, the increase in revenue is due to the implementation of the Community Pride Program that was started in 2015.

HOTEL OCCUPANCY TAX

The City of Pampa receives a hotel occupancy tax based on quarterly occupancies of the hotels and motels within the city limits. Revenues began increasing due to the building of several new hotels within the City, peaking in 2014, when the economy began another downturn. With the downturn in the oil industry the hotels have experienced a large decrease in occupancy therefore reducing the tax collected.

LANDFILL OPERATOR FEES

Landfill fees are charged to the City of Pampa and surrounding cities that utilize the landfill. Commercial customers such as roofing contractors and private refuse haulers also use our landfill. The escalation in revenue is due to periodic increases made necessary by the costs of opening and closing cells in the subtitle D landfill. Each cell lasts approximately five to seven years. One cell was opened in 2008-09 and another new cell opened in the 2017-18 year. The rate of \$42.25 per ton is included in the 2019-20 budget.

WATER SALES

The City of Pampa sells water to residential and commercial customers inside and outside the City limits. Water sales are dependent upon the amount of rainfall received during the spring and summer months. In 2014-15 the City replaced several residential meters with new, more efficient meters which is reflected in the stable water sales revenue over the past few years. It is estimated that there will be a decline in revenue this year, due to the longer winter and moisture that we received in 2019. This budget includes funds for the replacement of water meters.

WASTEWATER CHARGES

There is a direct correlation between water sales and wastewater charges. Residential customers are charged up to a maximum of eight thousand gallons of water consumption for wastewater charges. There is no cap on commercial customers. The assumptions for water sales are used for wastewater charges. Sewer rates have increased in direct correlation with the increase in water rates. Sewer rates were increased for 2014-15 to include a surcharge to generate funding for necessary improvements to the wastewater treatment plant. Wastewater treatment plant improvements are contained in this budget.

Police personnel are problem solvers, cooperating to achieve positive results and are expected to maintain the highest degree of integrity, respect and professional conduct. Officers and personnel of the department have respect for each other, the public they serve, other criminal justice agencies and for themselves.

Pampa police personnel are ever mindful of the rights of others as guaranteed by the United States Constitution and obey all federal, state and local laws, ordinances and statutes. Police personnel are required to participate in training programs to maintain maximum performance levels and the desired reputation for professionalism.

Personnel are problem solvers using the latest legal means, through technology, knowledge and cooperative effort to achieve positive results.

Personnel are always cognizant of their duty, community reputation and loyalty to the profession they have chosen.

GOALS AND OBJECTIVES

1. To protect and improve the quality of life in Pampa through:

- ♦ Community involvement and partnerships
- ♦ Enforcement of all laws courteously, but firmly
- ♦ Team work and cooperation with citizens, other criminal justice agencies, and each other
- ♦ Maintaining the highest degree of integrity
- ♦ Solve problems through cooperation, knowledge, technology and creative legal concepts
- ♦ Compliance with the Pampa Police Department's written directives and the City of Pampa's policy manual.
- ♦ Striving for the highest degree of customer/client service possible
- ♦ Making the most efficient and cost effective use of available resources, fiscal and human
- ♦ Recruiting and selecting the best applicants for employment
- ♦ Identify, formulate and operate within specified plans for present and future needs.
- ♦ Develop and use a core group of instructors to provide training for department personnel
- ♦ Provide direction and supervision in a way that is fair, firm and consistent for all employees.

2. The following programs are presently in place within the City of Pampa, all with the focus of accomplishing the goals set forth above.

Community Involvement/Community Meetings

Citizens are encouraged to act as the "eyes and ears" of the police in their respective neighborhoods in detecting and identifying persons and situations with which the police would, as a matter of duty, be concerned with and a wide range of training programs.

In addition, community meetings are held to augment the citizen involvement and create a flow of information to the police department in terms of program effectiveness, increased program coverage and program improvements based upon actual performance.

SWAT Team

The Pampa PD has teamed with the Gray County Sheriff's Office to form a tactical response unit to better serve the citizens of Pampa and Gray County in any high risk, tactical incident. The team goes through a selection process and is currently training twice a month, every month in areas to include, but not limited to: barricaded subjects, hostage situations, high risk warrant service, manhunts, active shooter, etc.....

Motor Division

The Pampa Police Department initiated the Motor Division to our department last year. These two Officers are selected and sent to an intensive training school. They are primarily traffic Officers. They enforce traffic and also work most, if not all, motor vehicle accidents while on duty. This division has been instrumental in reducing the traffic accidents in our community and making traffic flow safer for all.

Crime Stoppers

Crime Stoppers is a statewide program utilized to obtain information regarding the commission of felony crimes. The Pampa Police Department has teamed up with Roberts County and Wheeler County to form the Top O Texas Crime Stoppers. Information is gathered from citizens who may have witnessed crimes or who possess some relevant information which could lead to the apprehension of the person(s) responsible for the commission of a crime. This information is then provided to the proper law enforcement agency for investigation. The Crime Stoppers program provides cash rewards for persons who provide useful information to law enforcement which results in the apprehension and indictment of criminals.

School Resource Officer

The School Resource Officer Program is a joint venture between the City and School System and funds officers to work at the Schools to provide a safe and secure environment for our children, youth and faculty. These officers are also liaisons for the City and School, providing a great link between these two entities.

**CODE ENFORCEMENT
2019-20 BUDGET
Dept. 18**

MISSION STATEMENT

The mission of the code enforcement division is threefold in nature.

1. Work to protect the public's health.
2. Work to improve the quality of life.
3. Work to create a safer community for the people of Pampa.

These goals are achieved through the consistent enforcement of our adopted codes to increase public safety and awareness, by adjusting to the needs of our community, by staying abreast of the latest information, through continuing education, and through providing the best possible customer service.

DESCRIPTION

The Code Enforcement Department is composed of Permitting and Code Enforcement.

The Building Official must review each of the following as it is updated by the major codes: Building, Electrical, Plumbing, Mechanical, Gas, Energy, and Zoning. The Building Official reviews these codes with the Construction Board of Appeals. After proper review, recommendations concerning adoption of revised codes are made to the City Commission. Under provisions of the codes, boards are appointed to work with the inspector. These boards are The Board of Adjustments, the Zoning Board and the Construction Board of Appeals. Appeals regarding decisions from the Building Official may be heard by the appropriate board. Once updated, codes are adopted as ordinances; the Building Official enforces said ordinances, and defends them before the City Commission, the public and in court when necessary. The Building Official accepts applications for permits and reviews plans that are submitted. When the Inspector finds that plans comply with the codes, a permit is issued. Inspections are made to see that construction is performed in accordance with the codes and approved plans. The Inspector investigates all allegations of non-compliance, and takes any necessary actions(s) to bring about compliance. The investigation may range from someone working as a plumber who does not have a license, or it could be to resolve a complaint about dilapidated buildings.

Sections 17-66 through 17-83 address litter, unsanitary conditions, and objectionable accumulations on private property. Sections 12-261 through 12-268 make it unlawful to keep junked vehicles. Sections 6-81 through 6-82 address dilapidated buildings, stating that dilapidated buildings must be repaired or demolished.

Procedures for compliance include informing, in writing, anyone violating the City Code and providing them a reasonable time to correct any violation prior to instituting court action. Code enforcement employs two full time clerks to issue permits and answer the Action Center telephone lines.

GOALS AND OBJECTIVES

1. Protect the public's health and welfare through the enforcement of adopted codes and ordinances.
2. Seek compliance with all adopted codes and ordinances through:
 - a. Inspections of complaints
 - b. Inspections of permitted jobs
 - c. Re-inspections of violations
 - d. And legal action where necessary
3. Provide the citizens of Pampa with explanations of codes and the necessity of complying with the regulations.
4. Seek increased compliance for dilapidated structures through rehabilitation or demolition.
5. Organize and maintain regular meetings for the Construction Board of Appeals.
6. Update computer equipment and software as needed.

ANIMAL CONTROL
2019-20 BUDGET
Dept. 19

MISSION STATEMENT

The Pampa Animal Services mission is to enforce all state and local ordinances involving animals and their rights, and to promote responsible pet ownership and education. We will always strive to do what's right to reduce the risk of disease and injury to both our citizens and their pet companions.

DESCRIPTION

Animal Control patrols the streets of Pampa, and responds to all complaints received. The department handles all species of animals, dead and alive, and continues a constant battle against their unjust and unfair neglect. Animal Control devotes all efforts to educate the public about responsible pet ownership, the responsibilities involved in owning a pet and all laws which involve pets. Animal Control makes every effort to find good homes for all unclaimed animals and assure a kind and painless death to those unfortunate ones for which homes are not found. Those unfortunate ones are the reason for education.

GOALS AND OBJECTIVES

1. Educate the citizens and their children about the purpose and mission of Animal Control and conduct education programs.
 - a. Investigate all complaints received within 48 hours and take appropriate action to prevent similar complaints or problems in the future.
 - b. Make every effort to identify stray pets and return them to their owners, and consistently increase the percentage of stray pets returned to owners.
 - c. Quarantine all biting animals to protect other pets and people from contracting rabies.
 - d. Utilize the media to educate the public about rabies, including how it can be transmitted and prevented.
2. Maintain facility in a manner that is both safe and presentable to the public.
 - a. Operate an animal shelter that places emphasis on the needs and health of the animals and is disease free and presentable to the public.
 - b. Make necessary repairs to the facility as needed.

**DISPATCHING SERVICES
2019-20 BUDGET
Dept. 20**

MISSION STATEMENT

Dispatching Services is committed to providing fast and accurate support to fire, police and ambulance personnel as they serve the emergency needs of the citizens of Pampa and our surrounding service area.

DESCRIPTION

Dispatching Services Department is part of the total emergency services team, supplying vital support functions in providing efficient, cost-effective emergency response to the citizens of Pampa and Gray County. To ensure success, there must be a total effort to guarantee that four major components of emergency communication are constantly present:

1. Dependability – dependability of our communications system provides that the system will be available and in good operating condition at all times.
2. Accuracy – police officer, fire fighter, ambulance personnel and citizen safety is dependent on a high degree of accuracy in the emergency transmission. It is vital that proper, complete and correct information be communicated to the emergency responder.
3. Speed – the immediate arrival of an emergency responder at the scene of an incident is imperative in the protection of life and property or the apprehension of criminals.
4. Security – the need to limit tactical information to emergency response personnel only.

In addition to emergency response, Dispatching Services provides the communication link between citizens in need of service and various City departments that provide the service. To meet these objectives Dispatching Services Department is staffed seven days a week, twenty-four hours per day. Dispatching Services is under the direct supervision of the Police Department's Assistant Chief of Police.

FUNDING

The program is funded through the General Fund.

GOALS AND OBJECTIVES

1. To provide fast, accurate and courteous service to the citizens in time of police, fire and/or medical emergency.
2. To provide police, fire and ambulance personnel with necessary information and support as they deliver emergency service.
3. To provide a professional communications system through continuing in-house and off site training of operators.
4. To provide a dependable communications system through upgrading and maintenance of equipment.

The present building was constructed in 1954 with a bequest from Henry and Fannie Lovett. Major interior modifications to the library were completed in 1999 through a grant from the Pampa Lovett Library Foundation, including the installation of an elevator, a second-story bridge and numerous other Texas Fire Code and ADA-mandated structural modifications.

A 5 member Library Board serves in an advisory role on overall policy and provides promotional efforts on behalf of the library. Other library support groups include the Friends of the Library and the Gray Pampa Foundation.

The hours of operation are: Monday-Friday 9am-7pm, Saturday 1pm-5pm, and closed on Sunday

FUNDING

WATER PRODUCTION AND TREATMENT
2019-20 BUDGET
Dept. 33

MISSION STATEMENT

The Water Production Department's mission is to provide potable water of a quality which meets State and Federal drinking water standards in sufficient quantity to meet the City's daily and seasonal peak demand and storage requirements.

DESCRIPTION

The Production and Treatment Department is responsible for the maintenance and operation of the Water Filtration Plant, two Booster Stations, three Elevated Storage Tanks, five Ground Storage Tanks and twelve Water Wells, also Prison Pump Station, one Elevated Storage, one Ground Storage and four Wells.

The Department is operated by Jacobs, Dallas, Texas and operates under permit by the Texas Commission on Environmental Quality – Water Supply #0900003.

The City of Pampa is one of eleven cities comprising the Canadian River Municipal Water Authority (owners of Lake Meredith) with an allocation of 7.163%.

The Water Treatment process for RAW water obtained from the CRMWA includes coagulation-flocculation, sedimentation, filtration and disinfection. The treatment process for city owned ground water is disinfection only.

Operators are responsible for bacteriological sampling of all water in the system. Other tests include turbidity, total chlorine residual, free chlorine residual and ph.

The Water Treatment Plant and Water Supply System are inspected every year or annually by the Texas Commission on Environmental Quality.

Departmental personnel are required to be certified by TCEQ. The staff includes three "C" Certified Surface Water Operators, four "C" Certified Groundwater Operator, Two Certified "C" Distribution Operator and one "D" Certified Water Operator.

The employees of the Water Treatment Plant have a great sense of pride in their work. This is evident in the way the facility has improved over the last year. The City should be proud to have local operators who are among the best in the area treating water with state of the art technology. This wouldn't have been possible without the support of City Hall, the City Commissioners, and their continuous efforts to assure the newest technology is identified, explores, and implemented when feasible.

FUNDING

Water Production and Treatment is funded through the sale of water and is accounted for in the Enterprise Fund/Water and Wastewater.

GOALS AND OBJECTIVES

1. Meet all federal and state water quality standards.
2. Have two operators upgrade their certifications.
3. We will have 80 hours of training for each operator consisting of technical and safety topics.
4. Continue improving appearance of facilities.
5. Continue to find ways to reduce the cost of chemicals so savings can be passed back to the City.
6. Perform more tours and presentations in our endeavor to further educate the citizens of Pampa.

18 "	-	34,470	linear ft.
30 "	-	3,339	linear ft.
Total		611,890	linear ft.

This Department also services 1,304 manholes and 353 clean outs and assists other Departments by cleaning Storm Sewers, Clarifiers, Water Valves, Mud Pits and Drainage and spill problems.

The Texas Commission on Environmental Quality regulates the operation of Wastewater Collection Systems.

GOALS AND OBJECTIVES

1. Provide a safe and efficient collection of wastewater (sewer).
2. Reduce wastewater stoppages (sewer chokes) through a scheduled main line cleaning program and continue to improve response time on emergency stoppages.
3. Reduce wastewater stoppages (sewer chokes) caused by grease buildup through a grease trap inspection and B.E.F. (Bacteria, Enzymes, Fungi) program.
4. Improve street and alleys by adjusting the grade of manhole lids and clean out plugs and keeping them properly marked.
5. Video inspect mains and laterals to help find infiltration/inflow into the collection system.
6. Repair mains and service connections with new relining equipment to curtail infiltration/inflow into the collection system and to reduce cost of treatment at the Wastewater Treatment Plant.
7. Smoke testing the collection system to curtail infiltration/inflow into the collection system.
8. Repair and/or replace main sewer lines as needed to keep the collection system working properly.
9. Update the collection system grid map and input information into database for easy and more accurate access to collection system information.
10. Training on excavating, trenching, shoring, and confined space entry.
11. Maintain a safe working environment for the employees and the general public in work zones.

**WASTEWATER TREATMENT
2019-20 BUDGET
Dept. 36**

MISSION STATEMENT

The mission statement of the Wastewater Treatment Department is to maintain proper, efficient operation and maintenance of the Wastewater Treatment Facility and to consistently discharge treated water which is in compliance with EPA and Texas commission on Environmental Quality permit requirements.

DESCRIPTION

The Wastewater Treatment Department is responsible for the maintenance and operation of two collection system lift stations and the Wastewater Treatment Plant and also the Prison Lift Station.

The Department is operated by Jacobs, Dallas, Texas and operates under permit #0010358-002 issued by Texas Natural Resource Conservation Commission and permit #TX0027618 issued by the U.S. EPA.

The Wastewater Treatment Plant is equipped with a bar screen, grit removal unit, oxidation ditch (which includes six aeration devises), two secondary clarifiers, a sludge thickener, three RAS pumps, one WAS pump, chlorine feed facilities, sulfur dioxide feed facilities, a chlorine contact/de-chlorination basin, two reuse pumps, 44,000 square feet of sludge drying beds and a 1-meter belt filter press sludge dewatering facility.

Current Permit limitations listed in the facilities NPDES permit for discharge into Red Deer Creek are as follows: Carbonaceous Biochemical Oxygen demand 10mg/L on a monthly average and 15 mg/L on a 7-day average; Total suspended Solids on a monthly average 15 mg/L and 25 mg/L on a 7-day average; Ammonia-Nitrogen on a monthly average 3 mg/L and 6 mg/L on a 7-day average. A minimum total chlorine residual of 1.0 mg/L is required in the effluent for disinfection. After disinfection, it is required that the effluent be de-chlorinated to a residual no greater than .099 mg/L.

The Wastewater Plant's Treatment capacity is 3.0 MGD with a peak hydraulic capacity of 6.0 MGD. Lagoons are available for storage of flows in excess of the plant capacity. The stored sewage can later be treated during normal plant flows.

Departmental personnel are required to be certified by TCEQ. The staff includes two "B" Certified Operators, one "C" Certified Operator and one "D" Certified Operator.

The operators at the wastewater plant have made it a goal to improve the facility appearance and look forward to the opportunity to show off the facility. Last year we had a couple of tours and the participants were impressed with the facility and the technology used. We hope by the time the same people come back we will impress them once again with new additions to the facility.

FUNDING

The plant is funded through the Enterprise Fund/Water and Wastewater with revenues generated from sewer collection fees.

GOALS AND OBJECTIVES

1. No permit violations.
2. Two operators will upgrade their certification.
3. We will have 80 hours of training for each operator consisting of technical and safety topics.
4. Continue improving facility appearance.
5. Review and recommend further improvements to existing plant infrastructure.
6. Increase security and improve remote monitoring capabilities.
7. Improve screening capabilities for the reuse water system.
8. Continue to find ways to reduce the cost of chemicals so savings can be passed back to the City.
9. Perform more tours and presentations in our endeavor to further educate the citizens of Pampa.

MISSION STATEMENT

The mission of Hidden Hills Public Golf Course is to promote golf in the City of Pampa and the surrounding area by providing a quality facility which offers a place for recreational enjoyment for all people and to stimulate economic development through a well maintained facility. To provide the best overall public golf course experience in the region. Our goal has always been to offer the best golf experience for the most affordable price to all citizens young and old. COME EXPERIENCE THE HILLS !!!

DESCRIPTION

The Hidden Hills Public Golf course has been constructed to provide recreation to the citizens of Pampa and Gray County. Prior to the construction of this golf course, residents of Pampa were required to travel a minimum of thirty miles to gain access to a public course.

Hidden Hills was designed and built by Ray Hardy and was built from the partnership of three parties, private donations and volunteers, Gray County, and the City of Pampa. Opened in 1990, Hidden Hills has become a popular place to play in the North Texas Region. The course offers over 100 feet of slope, deep valleys, extreme elevation changes, and a creek that winds through its back nine. Hidden Hills was recognized in 2014 as the 4th best economy course in the State of Texas by the Dallas Morning News.

An additional benefit of the golf course concerns economic development. A public facility makes the Pampa area more attractive to prospective businesses searching for an industrial location. The course will also provide permanent and seasonal employment and will serve to retain businesses in Pampa by providing a local alternative to golfers traveling out of the community. Since Hidden Hills opened in 1990, \$20,000,000 has been spent in Pampa from out of county play.

GOALS AND OBJECTIVES

1. Maintain or improve upon Three-star rating that Pampa Municipal Golf Course received in the 2009-2014 edition of Golf Digest Places to Play. A One-star rating is basic golf, a Two-star rating is good, not great but not a rip-off either; a Three-star rating is very good – Tell a friend it's worth getting off the highway to play; a Four-star rating is outstanding- Plan your next vacation around it, and a Five-star rating is golf at its absolute best – Pay any price at least once in your life.
 - a. Promote golf through the establishment of tournaments, lessons and free publicity.
 - b. Serve the public with a customer service oriented attitude and in a professional manner.
 - c. Rebuild 18 tee boxes and add water to all areas around the greens and along the fairways.
 - d. Continue tree program for the beauty and protection of the golf course.
 - e. Provide for additions to the irrigation system, and provide additional drainage and continue to improve quality of grass.
 - f. To become #1 economy course in Texas.

BUDGET HIGHLIGHTS

- The effluent water project with pipeline from the wastewater plant to the golf course which includes a 300,000 gallon water storage tank and new pump station which was completed in May 2002. Currently, Hidden Hills uses 100% reclaimed water.
- Hidden Hills has maintained a membership of 150 to 300 card holdings and rounds from 12,000 to 20,000 per year.
