RE: ISO PPC 2/2X

To Whom It May Concern,

This letter serves as confirmation that the City of Pampa has been granted a Public Property Classification (PPC) of 2/2X by the Insurance Services Office (ISO) and certified by the State Fire Marshalls Office, effective 01/01/2019.

With a split Class 2/2X, all class-rated properties located within 1000 feet of a fire hydrant or water supply suction point and within 5 miles of a fire station will be a use Class 2. All class-rated properties located farther than 1000 feet of a fire hydrant or water supply suction point and within 5 miles of a fire station will be a Class 2X.

For information on where fire hydrants are located in the City of Pampa, please go to [www.cityofpampa.org](http://www.cityofpampa.org) and click on "Maps".

Thank you,

A handwritten signature in blue ink that reads 'Gregory Lee'.
